

Disclaimer for Project Owners

1. **Blacklisting**: By participating in this infrastructure award, project owners acknowledge that they are neither blacklisted, nor have engaged in unacceptable or unethical behavior or activities.
2. **Information Provision**: Project owners are required to provide accurate, complete, true, and factual information as requested during the evaluation process. Failure to provide the requested information may result in disqualification from the award.
3. **Transparency**: Project owners understand that transparency is crucial to the evaluation process. They agree to provide access to relevant documents and data related to the project upon request by the awarding committee.
4. **Compliance with Regulations**: Project owners must ensure that their projects comply with all applicable laws, regulations, and industry standards. Any non-compliance may lead to disqualification from the award.
5. **Ethical Conduct**: Project owners are expected to maintain the highest ethical standards throughout the evaluation process. Any form of misrepresentation, falsification, or unethical behavior may result in disqualification.
6. **Confidentiality**: The awarding committee and evaluators will handle all project information with the utmost confidentiality. Project owners can rest assured that sensitive information will not be disclosed to unauthorized parties.
7. **Dispute Resolution**: In the event of any disputes or concerns regarding the evaluation process, project owners are encouraged to communicate with the awarding committee to seek resolution in a fair and transparent manner.

By participating in this infrastructure award, project owners agree to abide by the aforementioned terms and conditions.
